Aero Platinum

This is the world's best performing Towing Mirror.

The Aero Platinum Mirror is an innovative new design, specifically developed to securely fit to the extremely tapered mirror bezels, now found on increasing numbers of manufacturers vehicles, including Range / Land Rovers and BMW X series models.

The Platinum Mirrors are engineered from the very best quality materials to ensure robust durability. Stainless steel and brass being used in key areas to ensure reliability and also to prevent corrosion from road salt. The mirror glass is the highest quality automotive standard chrome glass available to ensure a very long life.

The Aero Platinum Mirrors have been engineered, designed, manufactured and tested to the most demanding of standards, ensuring that they offer superior performance, and a perfect fit to 100% of vehicles to date.

AERO PLATINUM TOWING MIRROR

Carry bag included with Aero Platinum and Grand Aero Platinum

The Aero Platinum Mirrors are available in:

6606 AERO PLATINUM MIRROR STANDARD AUTOMOTIVE - TWIN PACK

6613 GRAND AERO PLATINUM MIRROR STANDARD AUTOMOTIVE - TWIN PACK

Grand Aero Platinum

GRAND AERO PLATINUM TOWING MIRROR

Aero Platinum Clamp

Features and Benefits of Aero Platinums

- Highest quality automotive chrome glass
- Aerodynamic air balanced head to minimise vibration
- Larger diameter arm for enhanced stability
- Sprung loaded gripper plate that forms to shape of vehicle mirror
- 50% larger mirror pads compared to standard Aero 4 pads
- Larger clamp body with increased depth for more versatile and secure fitment
- Stainless steel and brass in key areas to prevent corrosion
- New enhanced rubberised surfaces on both clamp and pad
- Fits all vehicles including Range / Land Rovers and all BMW X series models
- 2021 Land Rover Defenders as with the original Defender fits on the bottom of vehicle mirror

Conforms to all the very latest EC Regulations.

Award Winning Mirrors . .

WORLD WIDE BEST SELLER

The 4th generation Aero and Grand Aero Mirrors are available with a number of improvements for easier and an even more secure fitting. These include upgraded rubber coated clamps along with a newly designed pad which helps 'lock' the Aero 4 Mirror into place, even on the newest modern design of car and 4x4 mirrors. Also the Aero 4 comes with the very best quality glass available for the clearest view of any towing mirror on the market.

AERO 4 TOWING MIRROR

Carry bag included with Aero and Grand Aero Twinpack

GRAND AERO 4 TOWING MIRROR

FALCON

The Falcon Mirror offers a design utilising a similar operation as the Milenco Aero Mirror, but with using only a single thumb screw on each clamp for quick and easy fitting.

- Superior Quality
- Perfect View Adjustment
- Aerodynamic Head
- Easy Grip Thumb Wheels
- Stainless Steel Screws with Brass Inserts
- Unique Air Balanced Design to stop vibration

3988 FALCON MIRROR TWIN PACK

Complimenting the Falcon Mirror this is the large head version.

4886 GRAND FALCON MIRROR TWIN PACK

4220 FALCON MIRROR CLAMPS
4213 FALCON MIRROR PADS

4237 FALCON MIRROR HEAD
4893 GRAND FALCON MIRROR HEAD

4381 FALCON SUPER STEADY MIRROR TWIN PACK

These high quality budget Mirrors are in a completely different league in terms of quality and design to other budget mirrors. They are simple to fit due to the one screw strap free operation.

- **Innovative Clamp Design**
- **Strap Free Operation**
- **Steel Thumb Screws**
- **Fits virtually all cars and 4x4's etc.**

2103 FALCON SAFETY TOWING MIRROR - SINGLES

The Safety Mirror is simple to fit, but more importantly, it meets all the latest Safety Regulations for Towing Mirrors. The tensioning Straps and Handles mean they can be adjusted to fit most typical car mirrors.

3872 FALCON STEADY XL TOWING MIRROR FLAT TWIN PACK

This is a large strap on Mirror with long articulated arms so it can fit vehicles with large mirrors, such as Vans, 4x4's etc.

The MGI Steady XL Towing Mirror is simple to fit, but more importantly, they meet all the latest Safety Regulations for Towing Mirrors. The tensioning Straps and Handles mean they can be adjusted to fit most typical car mirrors.

Simply The Best Wheelclamps ...

ORIGINAL WHEELCLAMP

Continuously Improved . . . and still the Best!

This Wheelclamp has won every attack test for the past decade, with exceptional and unsurpassed attack resistance. Our Wheelclamp is Certified to far exceed Sold Secure Gold and is approved to the world's highest accredited Caravan Security Standard SCM MP03.

It has exceptional quality features which include, the best pick-proof, ultra-high security with a built in locking mechanism, steel construction to resist from sawing and freezing. The locking mechanism has been re-engineered making it far easier to line up and consequently much easier to fit.

The Milenco Wheelclamp comes complete with three keys and fits both Steel and Alloy Wheels. A foam back is used on the Wheelclamp to protect your Alloy Wheels. Made in Milton Keynes, England.

This Wheelclamp fits:

0598 C13 CARAVANS WITH 13" SINGLE AXLE WHEELS AND 14" TWIN AXLES
0871 C14 CARAVANS WITH 14" AND 15" SINGLE AXLE WHEELS
1946 M15 MOTORHOMES WITH 15" WHEELS
1779 M16 MOTORHOMES WITH 16" WHEELS
2882 M16+MOTORHOME WITH 16" WHEELS AND 235 TYRES
0857 LOCK & 3 KEYS FOR ORIGINAL WHEELCLAMP

***Attack times: Thatcham - 2 mins SCM - 3 mins, Sold Secure - 5 mins**

The Wraith Wheel Lock

The MILENCO Wraith Caravan Wheel Lock has been designed and engineered to far exceed the Sold Secure Gold Standard. Complete with low mass security bolt for security and wheel safety.

The Wraith has been designed to be simple to fit, whilst achieving uncompromising security for caravans.

1199 WRAITH WHEEL LOCK **6729 WRAITH WHEEL LOCK (WITH SMALL LOCK)**

- **Exceeds Sold Secure Gold standard**
- **Constructed from the highest quality steel**
- **High grade, non-corrosive plastic cover.**
- **5 Year Lock Warranty Included**
- **Fits Steel and Alloy wheels**
- **Fits caravans ONLY**

The Ace Wheel Lock

The Ace Wheel lock is our insurance approved non Sold Secure version of the Wraith wheel lock. It is designed to be simple to fit while still delivering a high level of security.

Both the Wraith and Ace fit by replacing one of the caravan wheel bolts with a specially engineered Low Mass Security Wheel Bolt Receiver.

The Wraith and Ace both have a foam covered high grade steel bar, that locates through the wheel to stop wheel rotation.

Simply position the bar through the wheel and lock the wheel lock to the security Bolt Receiver.

Complete with 3 keys and carry case

1236 ACE WHEEL LOCK

Wheelclamps

1533 LIGHTWEIGHT WHEELCLAMP - FITS 13", 14" AND 15" WHEELS

This is an exceptional Wheelclamp that is lightweight and easy to use. It fits virtually all touring Caravans with 12", 13", 14" and 15" wheels. For a higher level of security we would recommend either the Wraith Wheel lock, the Original Wheelclamp or the Compact C Wheelclamp.

0970 LIGHTWEIGHT WHEELCLAMP FITS 8" AND 10" WHEELS

This is a smaller version of the Lightweight Wheelclamp specifically designed for 8" to 10" Wheels, such as Boat Trailers, small Trailers etc.

3520 COMPACT C WHEELCLAMP FOR ALLOY AND STEEL WHEELS

This is the lightest Wheelclamp to be accredited to the International Standard SCM MP03 as well as Sold Secure Gold standard.

Simply hooks through Caravan chassis, and then passes through the wheel and is locked by an Ultra High Security Lock. Prevents movement of Caravan and rotation of wheel. Fits caravans only.

Extremely high security and attack resistant

2745 COMPACT WHEELCLAMP

The Compact Wheelclamp is Insurance Approved and fits all Caravan and Motorhome Wheels from 12" to 16" & 145 to 225 size tyres.

Integrated locking mechanism with winding handle offering complete security.

A foam back is used to protect your Alloy Wheels.

Comes complete with Storage Bag.

Simply turn the winding handle to clamp onto the wheel and then push the handle in to lock the clamp.

1885 LIGHTWEIGHT WHEELCLAMP KEY BLANKS X2

BC Lock

With the dramatic rise in motorhome theft, the market is demanding additional security device options to help secure these highly desirable vehicles.

We have now developed the new BC Lock which encases and locks the pedals of your motorhome/ van, rendering them inoperative.

The BC Lock is the only pedal locking device on the market that is both Sold Secure Gold approved and Police recommended.

- Locks brake and clutch pedal of motorhome / van with a manual gearbox
- Locks accelerator and brake or brake pedal of motorhome / van with an automatic gearbox
- High quality protective foam base
- High security lock - drill & cutter resistant
- Fits in seconds
- Superb quality - Made in England

2691 PRECISION CALIBRATED NOSEWEIGHT GAUGE

Milenco's new Precision Calibrated Noseweight Gauge to BS7961 is the only Noseweight Gauge approved and calibrated to the British Standard for these instruments.

This Noseweight Gauge offers calibrated precision, accuracy, reliability and technical superiority over other Gauges. It has a clear large scale to ensure the precise and safe loading for this safety critical area for ultimate stability when towing. Far superior accuracy and within 3% after a 1000 compressions (as per BS7961). Measures up to 130kg.

3155 HEAVY DUTY PRECISION CALIBRATED 400 KG BALL WEIGHT GAUGE

Measures up to 400 kg

Cargo Bars

These quality steel telescopic Cargo Bars are designed to keep any load in place safely and securely whilst travelling. Also, is an aid to stabilise your Caravans loading. To check load stability use in conjunction with the Precision Calibrated Noseweight Gauge.

These Cargo Bars Are Available In Lengths Of:

2721 CARGO BAR SMALL 0.5 - 0.91M (20" - 36")

2738 CARGO BAR LARGE 0.89 - 1.67M (35" - 66")

Remember. . . Sec

At last a High Security Door Lock that locks from both the outside and the inside!

This new improved design only requires a 30mm gap between door frame and furniture at wall board level (knob requires 50mm to turn, 33mm off wall board see pic 4 below) ensuring this lock now fits most Caravans and Motorhomes in either Portrait or Landscape positions.

4718 INSIDE/OUTSIDE SECURITY DOOR LOCK - SINGLES

curity Comes First

2042 DOOR LOCK - SINGLES

Enhance your Caravan or Motorhome
security with this quality frame-mounted Door lock.
Bolts through Caravan wall with Mounting Plate, Cover and 4x M6 bolts

INSIDE VIEW OF MOUNTING COVER

2059 DOOR LOCKS - TRIPLE PACK

(All locks keyed alike)

2646 DOOR FRAME LOCK - SINGLES

3230 DOOR FRAME LOCKS - TRIPLE

This Door Lock enables the fitment of the Lock when there is no space (due to wall furniture) to fit the Mounting Plate. The Lock is fast and simple to fit into your Caravan door frame surround. Simply slide left or right to lock and secure your Caravan Doors, Lockers or Garage.

Requires a minimum of 5mm gap between door and frame.

Multi-Lock

The Milenco Multi-Lock utilises an innovative high security design system offering versatility for multiple applications. A very high quality rattle free design, utilising only the very best materials available. High quality powder coated finish with stainless steel fixing screws. For door frame mounting, only a gap of 3.5mm is required.

- Fits Frame Mounted
- Fits Wall Mounted
- Fits Surface Mounted
- Fits Van Doors
- Fits Sliding Van Doors
- Fits Cab Doors

2660 MULTI-LOCK SINGLE
2929 MULTI-LOCK TWIN PACK
2998 MULTI-LOCK TRIPLE

Internal Security

1274 REMOTE ALARM

Fitting is simply attaching two wires to a 12v power source.

Located in the van cargo area or the caravan habitation area, simply activate the alarm with the supplied wireless remote for movement and impact protection.

Also features a Panic Feature, just press the lock button on the remote for 5 seconds and the siren will sound for 30 seconds and LED will flash.

This ultra high decibel alarm offers the ultimate theft protection for your van along with years of reliable service.

2028 SLEEP SAFE ALARM

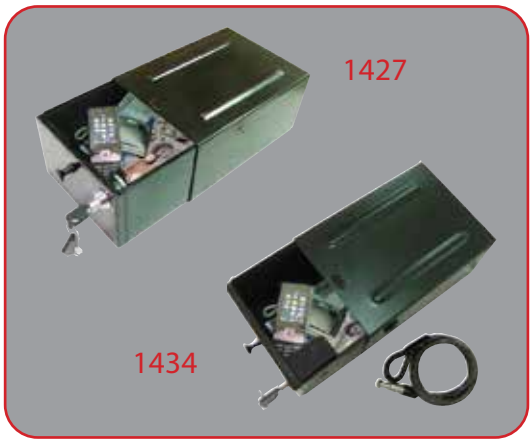
This alarm has been specifically designed to protect the occupants in Caravans and Motorhomes from the problem of sleeping gas attacks, that are becoming more common at Motorway services on mainland Europe.
Protects against other types of attacks and burglary on your Caravan or Motorhome.

Importantly all of these alarm units have flashing LEDs so any would-be attacker is deterred, as a very loud 118 decibel siren will sound, attracting attention when anyone attempts to open a door or window.

AS SEEN OUTSIDE

2035 SLEEP SAFE ALARM SPARE BATTERIES

Remember to keep Safe!
Spare Batteries (LR44) are available as a set of 18.



1427 CARAVAN SAFE

NON Lockable Safety Handrails with Superior Milenco Quality.

- Simple to fit by only 4 screws from outside or inside
- The safe way to mount a step Safety Handrail
- Rust Proof Stainless Steel fittings

SIMPLY LIFT UP AND PULL OUT!

Award Winning Steps

SUPER LIGHTWEIGHT ALUMINIUM STEPS

The full Aluminium range includes SINGLE and DOUBLE STEPS.

All of our Steps meet strict safety guidelines (EN 1645) to ensure criteria such as the ability to carry a load in excess of 200kg, and a tread that is non-slip, even when it is wet. Not to be confused with dangerous Chinese Steps that are slippery when wet.

The key to the Milenco Award Winning Steps safety performance is that the base is larger than the top. This ensures the step cannot topple over under any circumstances. Each Step is designed so that it will NOT sink into the ground - or damage awning carpet in any way.

0277 ORIGINAL ALUMINIUM DOUBLE STEP

Tread Size: 360mm x 210mm
Height: 180mm x 360mm

0307 ORIGINAL ALUMINIUM SINGLE STEP

Tread Size: 360mm x 210mm
Height: 220mm

3131 ALUMINIUM RUBBER TOP DOUBLE STEP

Tread Size: 360mm x 210mm
Height: 180mm x 360mm

3377 ALUMINIUM RUBBER TOP SINGLE STEP

Tread Size: 360mm x 210mm
Height: 220mm

AWARD WINNING STEPS

Practical Caravan Accessory of the Year

MGI EXTRASAFE PLASTIC STEPS

All of our Extrasafe Steps meet strict safety guidelines (EN 1645) to ensure criteria such as the ability to carry a load in excess of 200kg

The MGI Extrasafe Steps are produced using 100% recycled plastic, making them environmentally friendly.

4770 MGI SINGLE EXTRASAFE STEP

Tread Size: 425mm x 280mm, Height: 255mm

0338 MGI GIANT EXTRASAFE STEP

Tread Size: 455mm x 365mm, Height: 265mm

3797 MGI DOUBLE EXTRASAFE STEP

Tread Size: 360mm x 220mm, Height: 265mm
First Step Height: 185mm

3773 MGI GIANT EXTRASAFE DOUBLE

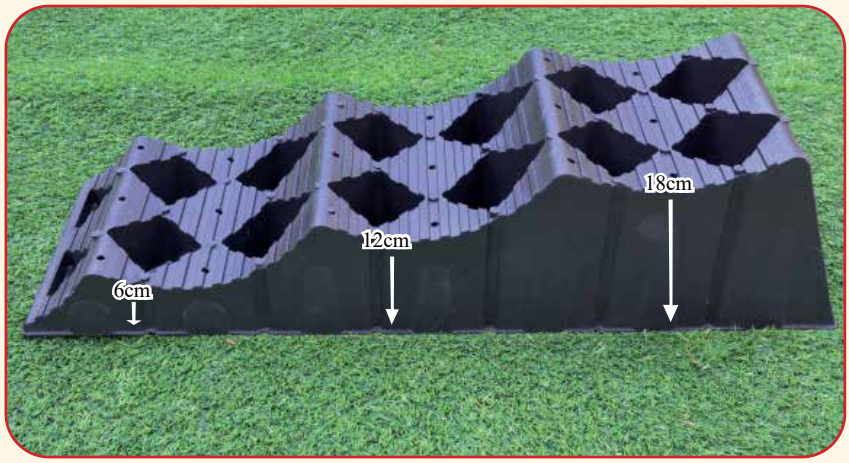
Length: 840mm



Superior Levels

MILENCO TRIPLE/TRIDENT/QUATTRO LEVELS

These Levels incorporate a lattice, high-grip upper tread surface. They pocket the wheel at every height, therefore eliminating the need for chocks. This shape also better preserves the tyre and protects against flat spots. They have a solid base which is ideal for use on soft ground or sand. Unique lightweight (Patents Pending and Registered) design. All come complete with a Storage Bag.

The Triple 3 Levels are ideal for Caravan use. 6 Tonnes Maximum. Dimensions in bag H: 28cm x L: 60cm x W: 24cm

The Trident 3 Level offers the same lifting height as the Quattro 3 Level. It incorporates only 3 height levels but has larger pockets. 8 Tonnes Maximum. Dimensions in bag H: 20cm x L: 81cm x W: 24cm

The Quattro 3 Level is ideal for both Caravan and Motorhome use. 8 Tonnes Maximum.
Dimensions in bag H: 20cm x L: 81cm x W: 24cm

2905 GIANT LATTICE GRIP MAT

- Interlocking – can be linked together.
- Heavy tread yet lightweight.
- Mud gripping lattice design.
- Super high grip.

Dimensions: L:106cm W:33cm.

3827 GIANT LATTICE GRIP MAT BAG

2752 MILENCO EXTRA WIDE GRIP MAT

This is a very heavy duty Grip Mat which gives an excellent grip in wet, slippery, snow and muddy conditions. It has unique open-toothed ends and barbed profile grips which hold the tyre, guiding it onto the mat when wheels are stuck.

5234 MGI WEDGE CHOCK

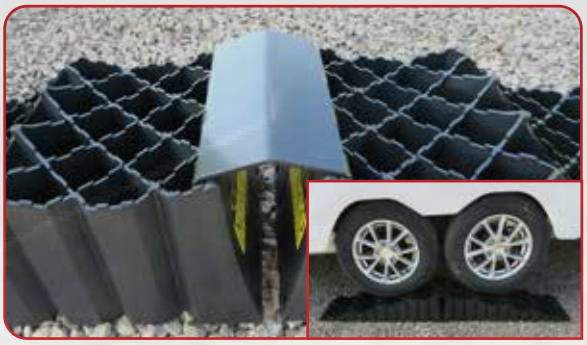
- Side handles to reduce risk of “Hand Trap”
- Light weight strong construction
- Extra wide for improved performance
- Compatible with MGI Wedge Levels

2202 GRIPPER PLATE

Holds Levels in place preventing any possible slippage when driving onto the Levels. Can be used in conjunction with the lattice Grip Mat to extend the gripping surface. Suitable for use with the Quattro, Trident and Triple Levels.

2622 QUATTRO BRIDGE

Designed as a solution to levelling Twin Axle Caravans. Used to Bridge the gap between the Quattro Levels when placed back to back. Just drive up and over the bridge to achieve desired lift. Recommended for use with the Quattro Level but can also be used with the Triple Level.



Level Systems

3278 TRIPLE CARAVAN SINGLE LEVEL SET

The Triple Caravan Single Level Set comes complete with a Superlevel Indicator. Simply place on caravan floor to instantly see which step to use.

3117 SUPERLEVEL INDICATOR

Level Indicator for Quattro and Triple Levels. Use this clever gauge for fast and easy levelling. Simply place on caravan floor to instantly see which step to use on your Milenco Triple or Quattro Level for instant levelling.

3018 STACKA LEVEL 3 (NO BAG)

3001 STACKA LEVEL 6 (WITH BAG)

2776 ALUMINIUM LEVELLER

This lightweight Aluminium Level is complete with carry case. Lifts 1000kg per wheel (caravan 2000kg, Motorhome 4000kg). Weighs less than 5kg. It comes with its own ratchet, which enables precise levelling. Simply slide under the wheel and use the supplied ratchet to lift or lower the caravan or motorhome.

The Stacka System

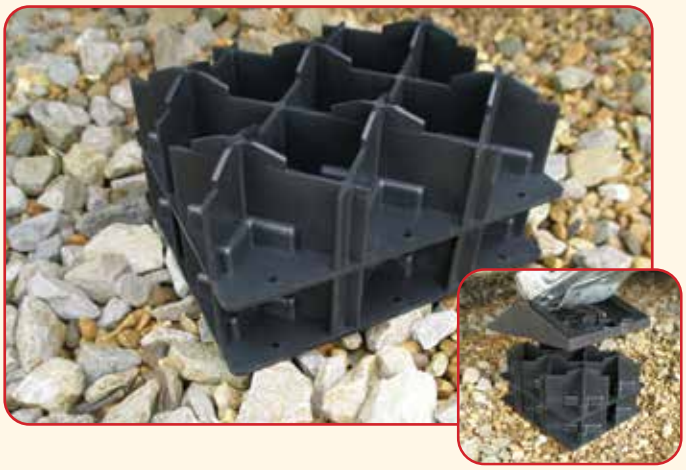
The Stacka product range utilises a clever design system which allows them all to be used in conjunction with each other.

3728 STACKA CORNER FEET X 4
3735 STACKA CORNER FEET SINGLES

This product uses a unique 'Clip and Lock' System incorporating a rattle proof, sprung-loaded design.

Robust Steel Retaining Shaft. Durable and High Quality.

Can be used with Stacka Jacka pads on soft ground.



3780 STACKA JACKA PADS X 4

The Pads are heavy duty and durable with a 40mm lift.

The Stacka Jacka Pads are to be used with Milenco Stacka Corner Feet. Interlocking with solid base.

4701 STACKA TYRE SAVER TWIN

- Helps prevent flat spots
- Ideal when vehicle is stood for long periods
- Ideal for use on gravel surfaces
- Compatible with Milenco Stacka Levels

3025 STACKA TYRE SAVER SINGLE
3995 JOCKEY POCKET

This is a high quality and durable product which is designed to support and protect the Jockey Wheel. It can be used in conjunction with the Stacka Jacka Pads or the Stacka Level Single.

3032 STACKA LEVEL SINGLES
3292 STACKA LEVEL BAG
2639 QUATTRO/ TRIDENT LEVEL BAG
0376 TRIPLE LEVEL BAG
4336 ALUMINIUM LEVEL REPAIR SECTION

Universal Thermal Blinds

2714 EXTERNAL UNIVERSAL THERMAL

The Blind comes with a unique zip-down panel so you can see out or just add a little light into your Motorhome cab.

Fits externally using the doors to keep it secure and is ideal to prevent condensation forming on the inside of your cab. This blind has a unique elasticated edge making it easier to fit to every standard Motorhome cab.

This Thermal Blind helps to keep Motorhomes cool in summer, and warm in winter.

2110 INTERNAL UNIVERSAL THERMAL BLIND

The Blind comes with superior quality Suckers with their own little handles and because these are in black they won't let any distracting light through, so you get a good night's sleep guaranteed!

This Thermal Blind helps to keep Motorhomes cool in summer, and warm in winter.

2448 UNIVERSAL SUCKER PADS FOR BLINDS

Unique original design does not damage eyelets in Thermal Blind with superior suction. The pads have a special release action making them easy to remove.

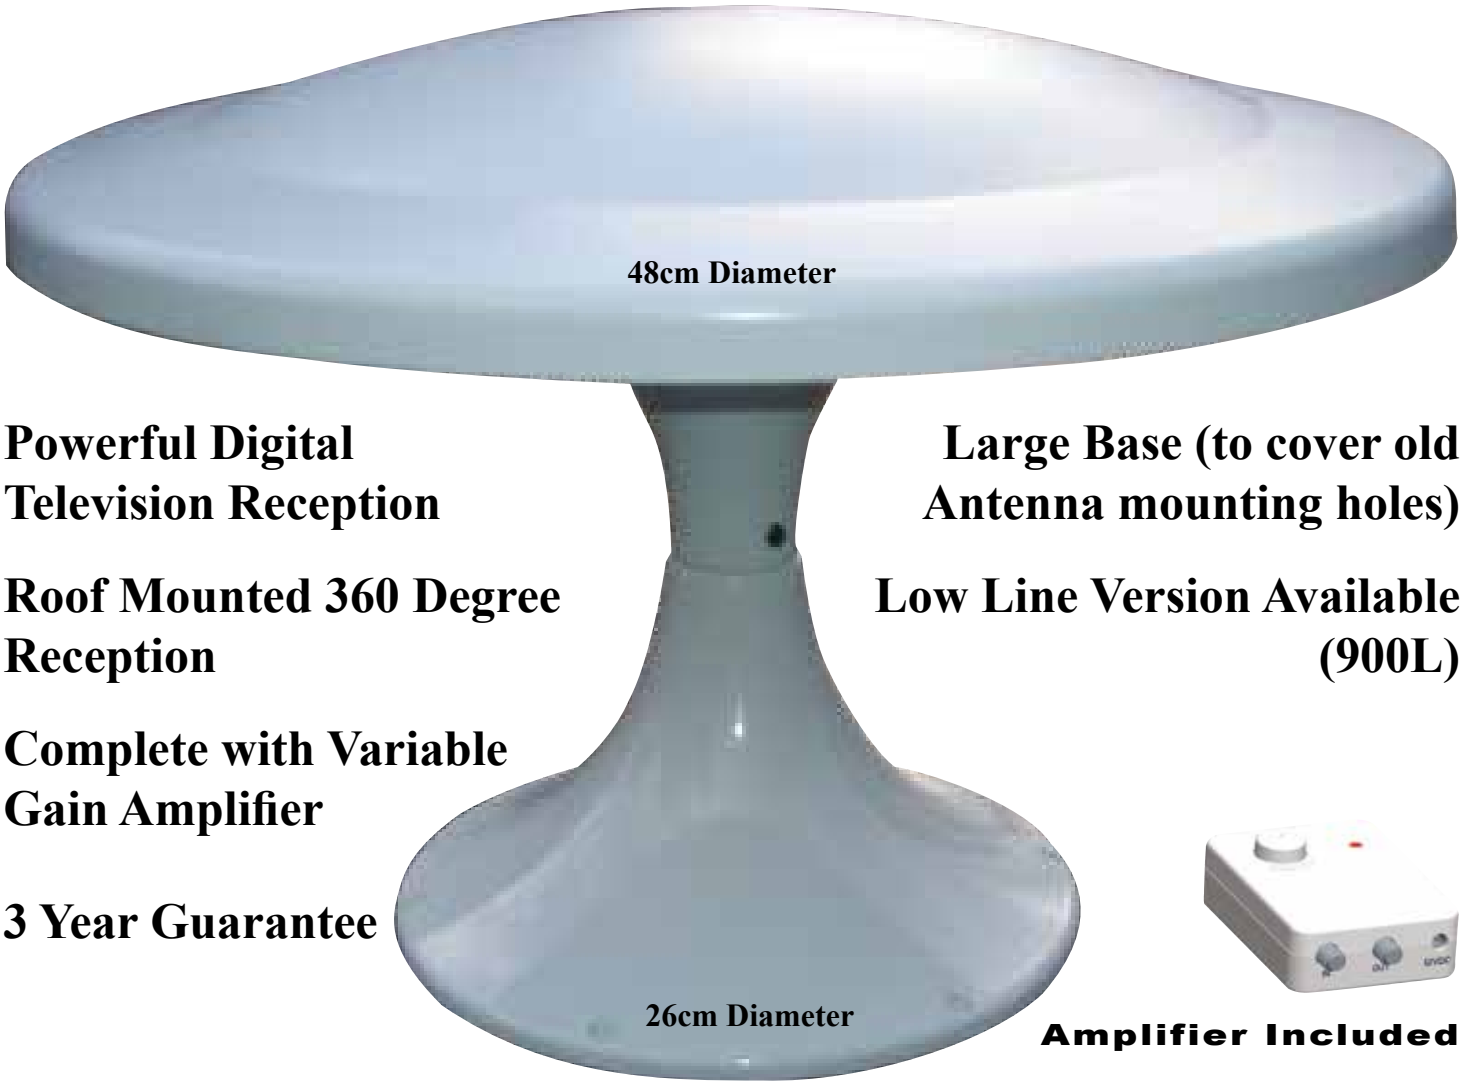
MILENCO

POWER 900

Caravan Antenna System

OMNIDIRECTIONAL - NO NEED TO ROTATE
Fits all Caravans & Motorhomes



Powerful Digital Television Reception

Roof Mounted 360 Degree Reception

Complete with Variable Gain Amplifier

3 Year Guarantee

Large Base (to cover old Antenna mounting holes)

Low Line Version Available (900L)

Amplifier Included

Our aim when we developed this Antenna, was to make the best Antenna ever made for a Caravan!

We believe that this is the largest and most powerful omnidirectional Antenna ever made for a Caravan with an exceptional 38 db gain.

When MMM tested it against a directional Antenna, they said "it comfortably outperformed a current market-leading brand".

On site you will still need to retune your television, however you can avoid the inconvenience of rotating the Antenna every time the caravan moves. Nor do you need to push it up or pull it down.

State of the art electronics and developed with the new 4G Telephone Network to avoid interference.

- Automatic reactive programming for superior battery care
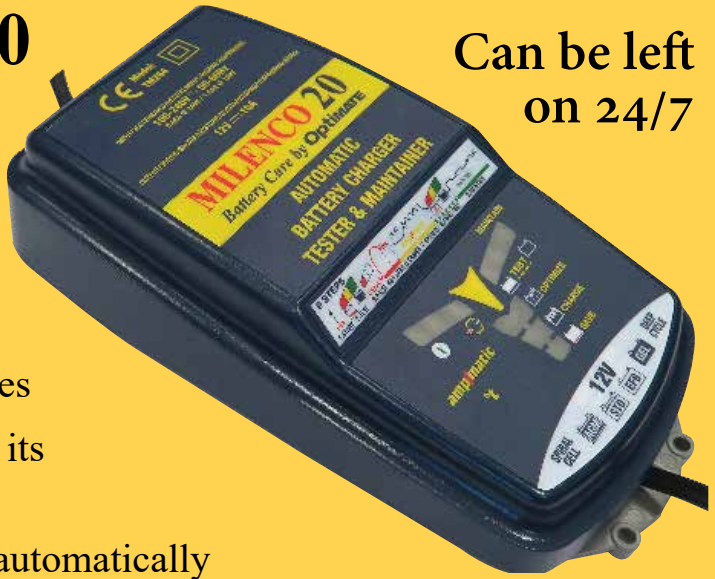
- Optimised for long term maintenance for all 6V and 12V leisure and automotive batteries
- Constantly analyses battery status and adjusts its pulse charge accordingly
- Can desulfate and charge a near dead battery automatically

Can be left on 24/7



3Ah - 400Ah

5593 OPTIMATE 6FT EXTENSION LEAD

5616 OPTIMATE 15FT EXTENSION LEAD

When a vehicle battery is left uncharged a process called battery sulfation occurs.

This is when sulphate builds up on the lead plates within the battery, this process starts almost immediately, and if left even over a relatively short period of time this sulphate will not only reduce battery performance, but dramatically shorten the life of the battery.

The only solution to remove sulphate from the lead plates and restore battery performance is to use a Desulfating Deep Pulse Charger/Maintainer.

The Milenco Optimates are the worlds most efficient and advanced Desulfating Charger/Maintainers available.

5517 Optimate 10 UK plug

5319 Optimate 10 EU plug

MILENCO *OptiMATE* 10

Can be left on 24/7

- Automatic reactive programming for superior battery care
- Constantly analyses battery status and adjusts its pulse charge accordingly
- Optimised for long term maintenance on 12V leisure and automotive batteries
- Can desulfate and charge a near dead battery automatically to restore and maintain battery performance
- Saves batteries with as little as 2V output
- Controls battery temperature to avoid overheating

15Ah - 192Ah

4596 Solar OptiMATE

MILENCO *Solar OptiMATE*

Can be left on 24/7

- Constantly analyses status and adjusts Pulse Charge accordingly
- Optimised for long term maintenance on all 12V leisure batteries
- No need for battery removal
- Totally safe for vehicle electronics
- Extra length charging lead for roof to battery box connection
- 3 year warranty included
